This course is designed to be a practical course which establishes a national standard of basic knowledge and skills necessary to perform residential care duties effectively and can be successfully completed by most adults involved with the residential care of school children.

The workshop will help people complete most of Book One of the Course. Those attending will need to complete the remainder of the course in their own time.

The course booklets are available for purchase from ABSA for $80 for Book 1 plus $20 postage & handling (no postage costs if books are delivered on the day of the workshop). Please order your books at the time of booking the course for delivery on the day of the workshop.
