DUTY of Care

1 2 3 Essential Elements

VIRTUAL Workshop

Essential Elements

This workshop is designed to be a practical course which establishes a national standard of basic knowledge and skills necessary to perform boarding duties effectively.

The workshop will cover all of the essential knowledge needed by staff to be effective in their role, covering much of the critical school and legal information needed by all boarding staff. The days' learning will include information sharing, group discussion and individual input. Those attending will be provided with a resource booklet to help with the course content, and a certificate of completion.
